N5 Academy: Setting the Standard in First Aid, Safety & Life-Saving Training Across the UK

In today's rapidly evolving world, having the right skills can make all the difference, especially when it comes to safety, emergency response, and supporting those around us. **N5 Academy** is proud to be at the forefront of delivering high-quality, accessible training that empowers individuals, teams, and organisations across the UK with essential life-saving knowledge.

Whether you're a parent, employer, school, community group, or concerned citizen, our range of expertly designed courses ensures you're prepared, confident, and compliant with statutory requirements.

Why Choose N5 Academy?

At N5 Academy, we believe that effective training combines expert instruction with practical, hands-on experience. Our courses are delivered by qualified professionals who bring real-world expertise and a compassionate approach to every session.

We focus on what matters most, enhancing confidence, competence, and compliance. Every attendee leaves our courses equipped with the skills and understanding needed to act swiftly and effectively in emergency situations.

Comprehensive First Aid Training for All Needs

Advanced Child-Centred Emergency Training

Safeguarding children requires specific skills and confidence. Our **Paediatric First Aid Level 3 Course** is ideal for parents, guardians, childcare professionals, and teachers who want in-depth training in managing paediatric emergencies. This robust qualification goes beyond basic first aid to cover children's unique needs and potential risks.

Essential Workplace First Aid Qualifications

For workplaces across all sectors, first aid competence isn't just beneficial; it's essential.

Our **Emergency First Aid at Work (EFAW) 1-Day Course** is perfect for staff who need a recognised qualification in dealing with common workplace injuries and illnesses. Delivered in a single day, this course is ideal for small businesses and teams seeking a practical, certificated solution.

For those requiring a more comprehensive qualification, our **First Aid at Work Course** covers a broader range of scenarios and meets statutory training standards for many larger organisations.

Life-Saving Skills Everyone Should Have

Basic Life Support Training

Life can change in an instant and knowing what to do during those critical moments can save lives. Our **Basic Life Support Training** focuses on essential techniques such as CPR, automated external defibrillator (AED) use, and airway management. This course is suitable for individuals and groups who want to gain confidence in immediate life-saving interventions.

Emergency Paediatric First Aid

Specifically designed to build confidence in emergency responses for young lives, the **Emergency Paediatric First Aid** course equips participants with the skills to manage sudden child-focused injuries or illnesses, ideal for parents, carers, and early years practitioners.

Safety Beyond First Aid: Fire & Traffic Marshal Training

Safety training extends beyond medical response, it includes prevention, risk awareness, and coordinated action during emergencies.

Fire Awareness & Marshal Training

Fire safety is a legal and moral obligation for any business or organisation. Our **1-2 Days Fire Marshal and Fire Safety Course** gives delegates the knowledge to understand fire hazards, carry out safe evacuations, and perform crucial fire marshal duties with confidence. This course is an invaluable asset for anyone responsible for workplace safety or premises management.

Traffic Marshal Training

Managing vehicular movement safely on site is critical in construction, logistics, events, and industrial environments. The **1-2 Days Traffic Marshal Course** equips delegates with the practical skills to control traffic hazards and work in line with statutory safety guidelines. Delegates learn risk assessment, communication protocols, and correct use of safety equipment, helping protect both personnel and members of the public.

Empowering Individuals and Strengthening Communities

At N5 Academy, we understand that training isn't just about ticking boxes. It's about building resilient individuals and safe, confident communities.

Our courses are designed to:

- **Build practical skills:** Real-world scenarios ensure attendees are ready to act.
- **Enhance confidence:** Skills are taught in an engaging, supportive environment.
- **Support compliance:** Training meets recognised industry standards and legal requirements.
- **Serve a wide audience:** From parents and carers to frontline staff and business teams.

Whether you are upskilling your workforce, meeting regulatory training needs, or simply investing in your own personal development, N5 Academy provides first-class qualification experiences.
